 - a Tip: **Putting courses in your cart doesn’t mean you have officially added these courses.** They could still be taken by other students until you have finalized your schedule. If there is only one seat available in a course you really want or need, complete the registration process for this course before registering for other, less in demand, courses.
 - b A window will appear, asking you if you want to go to your cart or proceed to registration. If you are ready to register, click “Proceed to Registration”, otherwise go back to the Section Search.
 - c Tip: You can register for all of your courses at the same time, or register for them one at a time. Online registration will remain open typically until the end of the first week of classes, so you can log in & out of your account and make any desired changes until that time.
10. If you would like to clear your cart and start over or remove a class from your cart, please click on those appropriate buttons
11. You will be asked to review your schedule. To finish registration, make sure all desired courses are checked off and click “Next”, then “Next” again when you are asked to finalize.
